## Unregistered Portable Socket Outlets: Remax RU-S4, LDNIO SC3301 and LDNIO SC3604

The following portable socket outlets (PSOs) have not been registered with Enterprise Singapore and do not carry the SAFETY Mark. Several major e-commerce platforms were found to have been selling them and have been informed to remove the product listings.

### Remax RU-S4

### Remax RU-S4

### Remax RU-S4

Consumers should avoid buying them and those who own the affected PSOs are advised to stop using them immediately. Controlled Goods that are unregistered have not been tested in accordance with prescribed safety requirements and may pose safety risks.

Always look out for the SAFETY Mark when purchasing household electrical, electronic and gas appliances. Alert us at [consumerprotection@enterprisesg.gov.sg](mailto:consumerprotection@enterprisesg.gov.sg) if you come across any Controlled Goods without the SAFETY Mark.
