Seller “Infantino” on their website

The Consumer Product Safety Office has issued a notice to Maxwell Distribution to cease supply of the high chair.

During the testing of this sample, it was found that the product did not comply with the following requirements for from ASTM F404-20 – Standard Consumer Safety Specification for High Chairs:

- Sheet metal screws were used in key structural elements which could result in potential fall hazards.
- Vertical gap between passive crotch restraint and the front torso support did not meet the requirements of the standard and could result in potential entrapment hazards.
- Leg openings on each side of the passive crotch restraint did not meet the requirements of the standard and could result in potential fall hazards.
- Instructions and warnings provided were not in accordance to the requirements (e.g. content, format, language).

No report of incident or injury related to the use of this product has been received to date.
Consumers who have bought the product are advised to stop using it immediately.
