

**Decathlon Recalls Nabaiji Baby Inflatable Float with built-in harness (306392) 8752138 / 8752140 / 8752139**

Decathlon has announced a voluntary recall of the Baby Inflatable Float.

They have identified an overturning risk of the user. In case of reversing, there is a drowning risk because the child is tied by the buoy and his head could remain underwater without any possibility of finding back the right position.

Affected units were sold between 1 February 2023 and 23 June 2023. Consumers who own this Nabaiji Baby Inflatable Float should stop using the product, and return it to their nearest Decathlon store for a full refund.

For more information, please visit Decathlon's [website](#) or contact their customer relations [center](#) from Monday to Sunday 0900AM – 1900PM.
