

Fisher-Price Reannounces Recall of Rock 'n Play Sleepers

Fisher-Price reannounces recall of all Rock 'n Play Sleepers due to infant fatalities that have occurred after the infants rolled from their back to their stomach or side while unrestrained, or under other circumstances.

Since the original recall on 12 April 2019, approximately 70 additional fatalities have been reported, which includes at least 8 fatalities that were reported to have occurred after the initial recall announcement.
