Product information

Name of product	Racing Style
Product description	<p>Electric remote-controlled toy race car</p>  
Identifying features/ Batch	A red battery-powered toy car controlled by a remote.
Sample taken from	Ta Zhiang Accessories
Comments	<p>During testing of this product to EN 62115 – Safety of Electric Toys, the toy was found to not meet the requirements for safe operations under conditions of careless usage. Usage of the product under these conditions could potentially cause the battery electrolyte to leak or lead to explosion of the battery. The temperature of the battery surface was also found to exceed the allowable limit during testing.</p> <p>The toy was also found to be lacking in instructions for electric toys with replaceable batteries.</p> <p>No reports of incidents or injuries related to the use of this product have been received to date.</p>

What should consumers do?

Consumers who have bought the product are advised to stop using it immediately.
