

SAFETY ALERT: 216pcs 3mm Buck Balls MAGCUBE Magnetic Balls

Sample taken from

Seller "Hot Stuff" on Qoo10

Comments

During the testing of this sample, it was found that the product did not comply with the safety requirements for toys:

- ISO 8124-1:2014 – Safety of toys – Part 1: Safety aspects related to mechanical and physical properties

The balls are small parts and their magnetic strength is too strong. This could cause internal injuries if two or more of them are accidentally ingested.

The product and its packaging do not provide suitable age information in English and the age symbol is incorrectly used.

No report of incident or injury related to the use of this product has been received to date.

What should consumers do?

Consumers who have bought the product are advised to stop using it immediately.
