

Fitbit LLC (“Fitbit”) issues voluntary recall of Fitbit Ionic Smartwatches.

Fitbit LLC is conducting a voluntarily recall of the product, Fitbit Ionic Smartwatches.

Fitbit has determined that in limited instances the battery in the product can overheat, posing a burn hazard.

Affected products were supplied to consumers since 2017.

Consumers in possession of the affected Fitbit Ionic Smartwatches should stop using the product immediately, and visit Fitbit’s [website](#) for more information on the recall and their refund eligibility.

For further queries, consumers may also contact Fitbit [here](#).
